

Jazyk v originále	angličtina
v angličtině	Study of Disasters and Disaster Management
v češtině	Studie katastrof a zvládnutí katastrof
v angličtině	The present book contains the ČVUT results obtained for domain dealing with disasters and disasters' management during the solution of the FOCUS ("Foresight Security Scenarios – Mapping Research to a Comprehensive Approach to Exogenous EU Roles") project. The project results show external and internal dimensions to security – and to derive guidance for the Union's future possible security roles and decisions to plan research in support of those roles.
v češtině	Předložená kniha obsahuje výsledky ČVUT získané pro oblast vyjednávání s pohromami a řízení pohrom získané během projektu FOCUS („Předvídaní bezpečnostních scénářů – mapování výzkumu ke komplexnímu přístupu k objektivní roli EU“). Výsledky projektu ukazují vnitřní a vnější dimenze bezpečí – a odvozují postupy pro příští možné role a rozhodnutí v oblasti plánování výzkumu v EU tak, aby byly podpořeny role.

## CONTENT

Foreword

Summary

1 Introduction

2 Knowledge base

3 Data used for research

4 Methods used in research

5 Results

6 Critical review of results

7 Identification of open problems

8 Scenarios of possible EU development

9 Scenarios of research

10 Conclusion

References

Annex 1 - Results of research of natural disasters and natural disasters' management in the EU and detection of priority problems for future research in the EU

Annex 2 - Results of research of processes by which the environment react to human activities and of induced disasters' management in the EU and detection of priority problems for future research in the EU

Annex 3 - Results of research of technological disasters and management of disasters connected with technologies and infrastructures
