Ufficio del Personale e della Formazione – Sezione IV -

To whom it may concern,

The Italian Ministry of Justice-Triveneto Administration, as Coordinator of EU funded projects DERAD and TRAINING AID, thereby confirms, that the Department of Security Technologies and Engineering of The Czech Technical University was selected as the Consortium member of the above mentioned projects because of its knowledge and expertise in the area of cross cutting topics of radicalization and cyberspace.

IT Tools developed by the Department will serve end users of the given projects, namely the first line practitioners, probation services and/or other responsible government and non-government agencies active in the radicalization identification and in de-radicalization processes.
